The Monk!

By MATTHEW G. LEWIS,
(MONK LEWIS.)

It is far superior to "Maria Monk" and books of that character.

He says: "I contracted a cold early last spring that settled on my lungs, and had hardly recovered from it when I caught another that hung on all summer and left me with a hacking cough which I thought I never would get rid of. I had used Chamberlain's Cough Remedy some four years ago with much success, and concluded to try it again. When I had got through with one bottle my cough had left me, and I have not suffered with a cough or cold since. I have recommended it to others, and all speak well of it." Fifty-cent bottles for sale by Theo. C. Power, Druggist.

NASHVILLE, TENN., March 6th, 1893.—The Stockton Medicine Co., Nashville, Tenn., Gentlemen: It gives me exceeding pleasure to speak of your Antiseptic, as I consider it something wonderful in the way of medicine. My old servant Albert, who is 72 years old, was very sick with pneumonia, complicated with heart trouble and dropsy. I called in my family physician and gave him every attention, but the doctor finally told me there was no hope, and the only thing that could be done was to make him comfortable until the end. At this point I decided to give him Stockton's Antiseptic, as it seemed to be performing almost miracles for others. It was given in regular doses every three hours and the fever began to decrease from the first dose, and a decided improvement was noticed the first day. In three days he was sitting up and in a week he was back at his work as usual, and his strength very fast. I consider it saved the old man's life. Yours, FRANK BEAUMONT, No. 5 Noel Block.

The result of the examination will be announced from Washington. Of the gentlemen invited by the Civil Service Commission to be present, only Robert Glenn Parry attended, and he is satisfied that there was and could be no "shenanigan."

In and Out.
Dover News.—Major Chenoweth's appointment as Postmaster at Maysville was confirmed by the Senate last Friday. We congratulate the Major on his success, and rejoice that another good Democrat is handsomely rewarded. As to the outgoing Postmaster, Thomas A. Davis, his administration of the office was *par excellence*. He gave universal satisfaction, and managed the office with admirable system and progressiveness.

A Good Day's Work.
The meetings at Mitchell Chapel yesterday were very enthusiastic and profitable. The preaching service in the morning and evening were led by Rev. Bee assisted by Professor Fogg.

Last night the church was filled to its utmost capacity and many were turned away unable to gain admission. Rev. Reeves took for his text, "And They All Made Excuse," and preached a most interesting sermon.

Services each morning and evening this week. Morning services at 10 o'clock, and evening services at 6:30. All are cordially invited to be present.

STAND FROM UNDER.
It Looks Very Much Like the A. P. A's Are Coming.

There was an election in Duluth, Minn., in which there was an upheaval.

The party that pandered to the politico-religious element was everlastingly "snowed under."

A dispatch from that city tells of the greatest parade ever seen there, full ten thousand being in line. The most noticeable emblem in the parade was a miniature of the "Little Red School-house."

This is the first time the A. P. A. has shown publicly that it was interested in the recent election.

There were two thousand men and boys in the division headed by the A. P. A. emblem.

CAN YOU TELL?
One of the Civil Service Questions for Letter Carriers.

As letter carriers have little or nothing to do with the sale of postage stamps, of course they should know all about that business to enable them to read the addresses on letters and know where and whom they should be delivered.

But it may be for the reason that letters that fall into the carrier have stamps on them that prompt Civil Service Commission to p this question to applicants for the examination held at the P Saturday, viz:

"A man bought \$2 40 worth of s He bought twice as many 2c. and times as many 5c. as he did 1c. How many of each kind did he b.

WHAT WAS DONE
At the Meeting Held at the Christian Church by Rev. Cate.

The meeting at the Christian Church which closed several weeks ago, was very successful one.

"The Tramp" had an interview with Rev. E. B. Cate recently regarding the work done during the meetings.

The Pastorsaid in reply to the question "Can you give me a few facts concerning the meeting held by the Disciples?"

"The meeting continued for three weeks, and was largely attended from the first. I did all the preaching and led the song service.

"The meeting was exceptional in Freedom from the clap-trap of revivals and implorings to hurry up—do, but seen unwilling.

"It was a plain recognition at all time that the difficulties are not on the Divine but on the human side.

"The meeting was held to save people from their sins, and not from son fiction called the 'Fall of Man.'

"There were twenty-six additions, three of whom were by letter and two claimed.

"One of the best results was the arousing—an intelligent arousing—of the working side of the membership. All conceded the meeting was conducted on a high plane, and whatever lasting impressions were made grew out of, and are to be traced to the one foundation, and that alone is broad enough in the building character, i. e., the great love of God for humanity—humanity that is the child of God. The belittling of humanity does not necessarily ennoble God or His Son. We ordinarily get from men about what we expect.

"Right reason is gradually corroding the insane vaporings that man by his birth is the spawn of hell. He is the child of great misfortunes and untimely patronage, but he also contains the germ of wonderful possibilities if can only be seized by the right influence and developed along right lines.

"All in all, the meeting was one, measured by the only correct standard—its fruits."
